

DPS Kalinga

KALINGA POST

News Letter

April - Sept. 2023

Principal's Message

Greetings to all members of DPS Kalinga Family.

It is indeed a matter of great pride for all members of the DPS Kalinga family to see the sapling planted in 2003 growing for two decades and presently standing tall as a deep rooted tree bearing fruits of endurance and perseverance.

DPS Kalinga strongly believes in providing experiential learning through an engaging & exciting curriculum during the formative years which is showcased in this newsletter. Interdisciplinary and multicultural ideology generates curiosity and encourages children to wonder which in turn makes the teaching-learning process a joyful ride leaving an everlasting impact on the young minds. Students are exposed to individual & group activities like camps and rallies to instill leadership qualities, team work and collaborative learning.

Teachers play a pivotal role in nurturing the child's mind and overall personality development. Workshops are organized for them from time to time to adapt innovative teaching techniques and be instrumental in building a positive and creative learning environment.

Results of AISSE & AISSCE 2023 speaks of the equilibrium between dynamic curriculum and co-curricular activities basing on the theory of Multiple Intelligence.

My blessings to each and every child and best wishes to all members of DPS Kalinga.

Anuradha Rakshit

PRINCIPAL
